Use Figma to create an interactive diagram illustrating the components of a basic cellular system. Design a user interface prototype for a mobile station using Figma, considering connectivity and convenience.

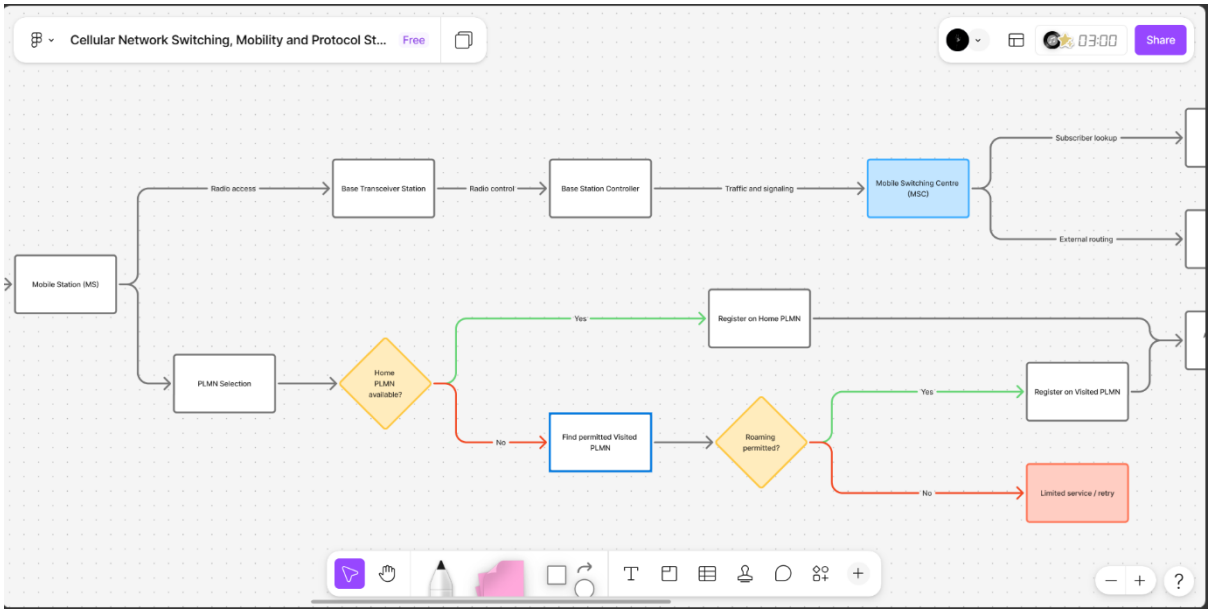

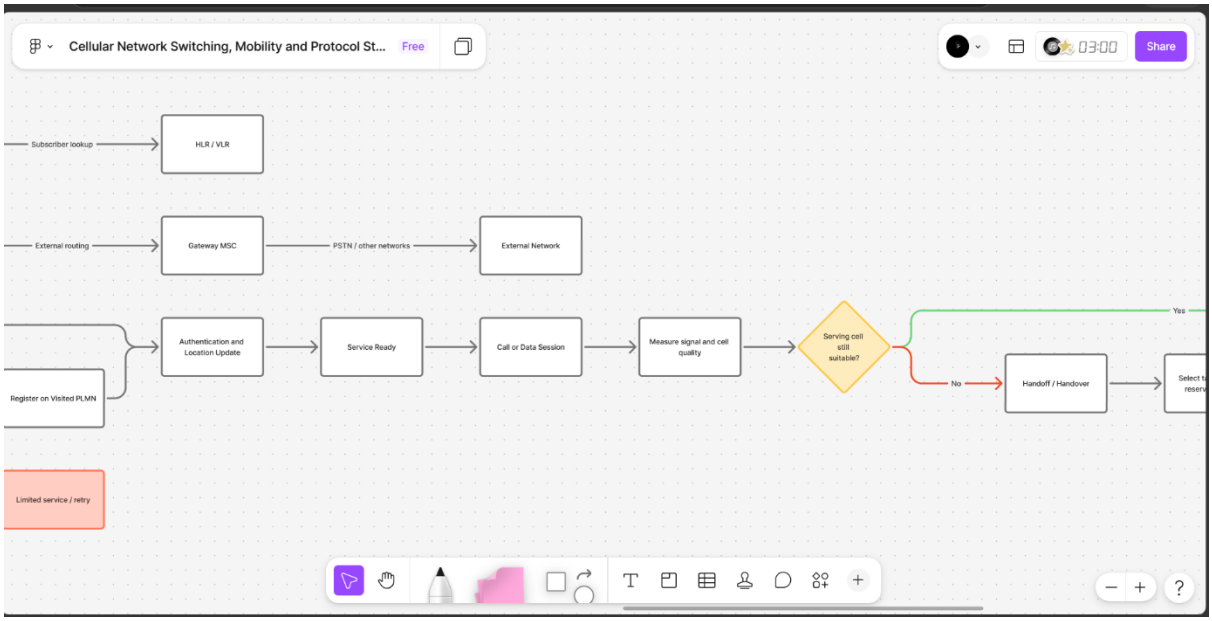

Use Figma to create an interactive diagram illustrating the components of a basic cellular system. Design a user interface prototype for a mobile station using Figma, considering connectivity and convenience.

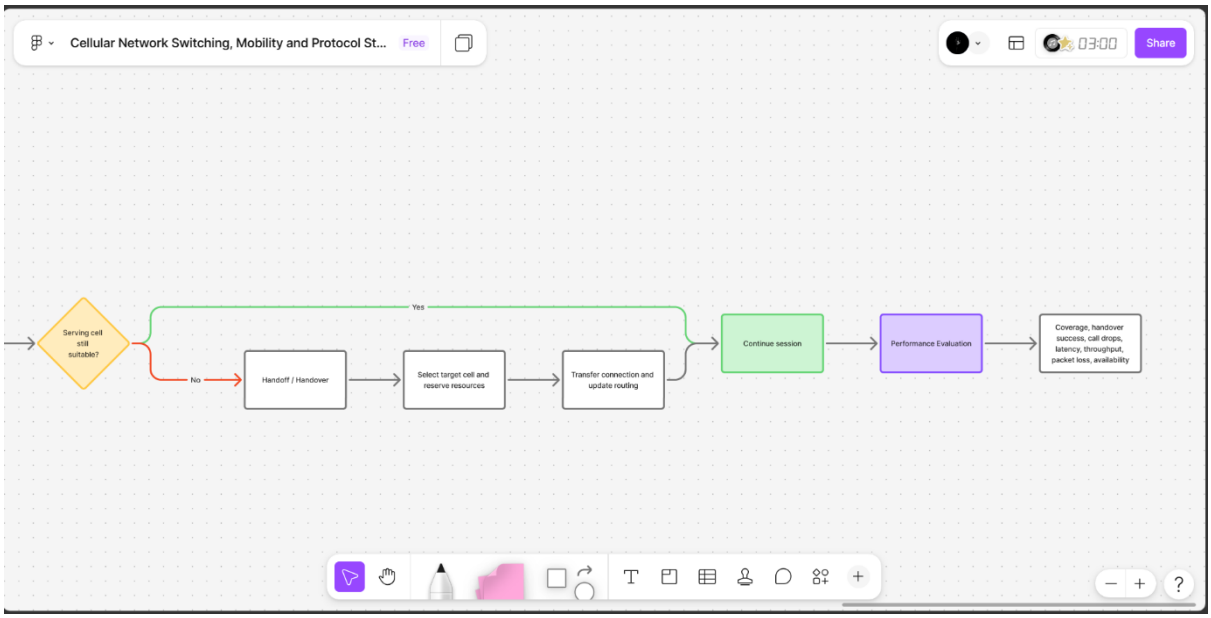

Develop a flowchart in Figma depicting the operation of a Network Switching Subsystem in a mobile cellular system. Create a visual representation in Figma highlighting the key elements of mobile network protocol stacks.PLMN - Mobility - Handoff - Roaming - Performance criteria - Operation of cellular systems
